

# an info to cherish

a lot of it

collected what fell on the ground

just as a puzzle

seven thousand people are watching it now

for in it miraculous, by only and things

the region grew so lately fatal

coming up cruxes, coming up spring, the sign

conquers by signs, the tulip bulbs and daffodils

yes, but where is it that you work

to watch and grow

a scent in the air, utter and ordinary,

i developed an expanded box of senses

sense of the type, the beauty, function

of hearing bent to other purpose, dim

what is the pan, be taken thus

at minimal angles

absolute extremely harm is pretty

aweful and surprising as it breaks across the screen

imagine your neighbor naked and mowing

i use the hottest water

for this i live with the ambulances passing by

buying an infinite pen, & a fringe of Georgia window

good luck for all French bread, they say

calm and slicing. wat if sun is risne

rinse, phenomenal addition

nominal math and math
